KAGOSHIMA IS ASH AND LAVA COVERED

Streets Torn by Fissures; Weeks Must Pass Before Debris Can be Removed

NAVAL OFFICERS ARE IN CHARGE OF RUINED CITY

70,000 People Yet Unaccounted For—Many Buried by Lava—Others Drown

TOKIO, Jan. 15.—That 70,000 persons are still unaccounted for in the vicinity of the volcano Sakurajima was reported today by wireless messages from the naval squadron now at the scene of the disaster. It is believed many of those were killed by lava or drowned while trying to escape by water. Although less violently, Sakurajima is erupting fiercely today, and the Tokyo observatory has predicted other more violent shocks. The volcano Kirishima, near Sakurajima, is reported as active.

The vanguard of refugees from Kagoshima, arriving today, told horrifying stories, declaring that the first eruption came with appalling suddenness, the entire top of the mountain seeming to have been blown off, belching forth flame and lava. They declare none are left alive at Sakurajima, that 13,000 houses were destroyed at Kagoshima and that probably none are alive there now.

The wireless messages received today stated that the naval officers had taken command of the situation at Kagoshima. Many inhabitants have returned to the city but found their homes ruined. The entire city lies beneath several feet of volcanic ash and many streets are flooded with lava and fissures have opened. It will be weeks before the debris is sufficiently cleared to learn the approximate number of deaths. The property loss will be enormous. Provisions brought by the warships have undoubtedly saved hundreds of lives.

Geography of Locality
The volcano of Sakurajima is situated on an island in the gulf of Kagoshima, in the southern portion of the kingdom. The town of Kagoshima is situated on the mainland, several miles distant from the volcanic island. The city is also surrounded by a range of mountains which contain a number of ancient volcanoes.

SAD SITUATION AT SAKURA; WILSON SENDS SYMPATHY
Blue Jackets reached Sakurajima today for the first time. They found 300 alive there, but all were badly burned, many are insane and had taken refuge in a cave, and many were dying. None were able to tell the story of the disaster. The volcano is still active.

Another message from President Wilson to the emperor of Japan, received today, said: "Permit me to again express the deep sympathy of the American people for our sister nation, Japan, in her great calamity. Our hearts go out to the thousands upon whom suffering and disaster have come so suddenly and in so terrible a form. Is there any way in which we can help?"

SIX VIOLENT QUAKES VISIT LEGHORN, ITALY
LEGHORN, Italy, Jan. 15.—Six violent earthquakes occurred in rapid succession at 4:30 o'clock this morning. A panic followed the shocks. Thousands of people rushed into the snow-covered streets in their night clothing. The earthquake shocks threw the Mediterranean Sea into a tremendous commotion, huge waves pounding the shores. There were no known casualties, although there was considerable damage.

C. H. MOYER AND 37 OTHERS INDICTED

County Horticultural Commissioner Bishop Makes Appointment

HOUGHTON, Mich., Jan. 15.—Chas. H. Moyer and thirty-seven other members of the Western Federation of Miners were indicted for conspiracy by the grand jury which returned its expected reports today.

Secretary Lane Would Save Radium Lands

The remarkable success attained in the last few months in the treatment of cancer by radium has induced Franklin K. Lane, secretary of the interior, to propose to congress an act to reserve all rights and ownership in radium-bearing ores found on public lands.

Experts of the federal bureau of mines have been conducting searches for radium-bearing lands and have located tracts in various sections of the country. The secretary of the interior would have congress authorize the President to withdraw such lands in order that the government may retain control of the ores which contain the powerful curative mineral known as radium.

Bulletins of News

Hot from the wire up to 3:30 p. m.

THE WEATHER

Unsettled weather; probably rain tonight and Friday; light east winds.

Thieves Ransack Sea

REJONDO BEACH, Jan. 15.—Thieves Tuesday night ransacked the palatial summer home of Rev. Robert Burdette at Clifton-by-the-Sea.

Portugal Railroad Service Halted by Strike

LISBON, Jan. 15.—The entire railroad service of Portugal was suspended yesterday, owing to the declaration of a general strike by the employes.

KENT ASSURES JOHNSON OF HIS LOYAL SUPPORT

SACRAMENTO, Jan. 15.—Governor Hiram W. Johnson has given out the following telegram from Congressman William Kent:

"Sincerely believing that your decision to run for governor means a sacrifice of political ambition and personal comfort, I desire to renew my tender of loyal assistance in your campaign and my continuing to help in all matters that affect the welfare of the state. My devotion to Progressive policies is not circumscribed by party line and my indorsement of the president can in no way conflict with support of you, a champion of the welfare of our state, and through it, of the nation."

PROGRESSIVE LEADERS TO SPEAK OVER STATE

SACRAMENTO, Jan. 15.—Most of the larger cities and towns of northern California are to learn how the business affairs of the state are conducted under the administration of Governor Hiram W. Johnson through the men who are actually in touch with state affairs—President John M. Eshleman of the state railroad commission; President John F. Neylan of the state board of control, and State Controller John S. Chambers.

Meetings are to be held in Chico, Redding, Red Bluff, Oroville, Corning and Marysville. The first will be held Saturday night.

COMMERCE COMMISSION RESUMES COAL PROBE

PHILADELPHIA, Jan. 15.—The Interstate Commerce Commission resumed its inquiry yesterday into the anthracite coal industry, with reference to rates and practices existing among the railroads and coal companies. The hearings were begun last November and were suspended until yesterday because of the death of Commissioner John H. Marble. Commissioner C. C. McChord will conduct the hearings.

TROJAN WORK FOR SCHOOLS PASADENA, Jan. 15.—More than fifty automobiles have been engaged thus far by the different Parent-Teacher Associations to aid in the work of bringing voters to the polls to vote for the bond issue of \$125,000, to be used in improving and enlarging the Pasadena grammar schools.

RAINDROPS ARE PRICELESS TO SOUTHLAND

Jupiter Pluvius Generous in Visitation—Valleys Are Freely Soaked

FRUIT GROWERS AND FARMERS REJOICING

Rain Promises Good Crops and Insures Against Any Frost Damage

All of Southern California was visited by a splendid rain yesterday, last night and today which saved the citrus crops from possible frost, and which insured plentiful returns to the farmers and truck gardeners.

Reports from all sections south of the Tehachapi show that the rain could not have come at a better time to give the proper start to the young crop.

According to Weather Forecaster Ford A. Carpenter, every drop of yesterday's and last night's rain soaked into the ground and insured a prosperous year to farmers and orchardists.

The rain drifted in from the north shortly after noon yesterday and spread its wet blanket from the Tehachapi to San Diego. The showers began early in the afternoon and grew heavier towards midnight, coming down with greater volume during the night. Every section was bountifully watered and the outlook is good for further rains.

Pomona Is Drenched
POMONA, Jan. 15.—The drenching rain continues here without abatement. Two and a quarter inches have fallen within eighteen hours. The orange growers here declare this insures excellent crops.

Ontario's Good Soaking
ONTARIO, Jan. 15.—Two and twenty hundredths inches of rain for the storm has fallen here. One hundred men worked all night protecting the storm drain being installed on Euclid avenue. No damage resulted from the rain.

Insures From Frost
SAN BERNARDINO, Jan. 15.—Nearly two inches of rain has fallen here in the last twenty-four hours. Citrus growers declare this means no further frost damage this winter.

THIRD PARTY IS TOO MUCH SAYS SPRECKLES

But Will Support Johnson if Reactionary Chances to Be Nominated

SAN FRANCISCO, Jan. 15.—Rudolph Spreckels, the millionaire San Francisco banker and politician, does not believe a third party is necessary. This announcement was made today in a statement in which Spreckels asserted that he will support Johnson for governor, unless the Republicans nominate a candidate pledged to progressive principles. Spreckels, who supported Wilson in the last presidential campaign, said:

"I am and always have been a Republican. I have also fought for progressive principles. I was therefore gratified when the Republican party machinery and state offices were put in the hands of progressive Republicans. With these facts established, in my opinion there was no justification for the formation of a third party in California and certainly not on the ground that it would help promote progressive principles. My attitude toward Johnson's candidacy is consistent. If the Republicans nominate a truly progressive candidate I will certainly support him against all candidates, but I would unhesitatingly vote for Johnson before I would vote for a reactionary candidate."

GRAIN EXCHANGE COUNCIL CHICAGO, Jan. 15.—The fifth annual meeting of the council of grain exchanges composed of representatives of the leading exchanges of the United States, opened in the Hotel La Salle today for a two day session. Recent legislative investigations of grain boards, the government suit against the Chicago exchange and other matters directly pertaining to the business were to be discussed today, and officers elected. Tomorrow's session was to be devoted to the report of the crop improvement committee and discussion of the crop situation.

YORBA LINDANS WIN SECOND BATTLE

Demurrer is Overruled and Promoters Have Fifteen Days to Answer

FAIRVIEW CASE IS STRAIGHT TO POINT

Judge Thomas Gives Important Ruling in Water Users' Court Action

In the fight of the Yorba Linda water users against the promoters of the tract, the water users have won another important victory in the proceedings. The first was won last week when the attempt of the defendants to have the case transferred from this county to Los Angeles county was defeated by Judge Thomas' ruling. The second was won today when Judge Thomas overruled every contention of the defendants' demurrer, and gave them fifteen days in which to file an answer to the facts alleged in the complaint.

The action is entitled Nixon vs. Stern. The plaintiffs are backed by the Yorba Linda Water Users' Association, an organization of land owners of the 3000 acres marketed by Jacob Stern, M. N. Newmark, H. W. Frank and Janns through the Stern Realty Co. and the Janns Investment Co. The land owners declare that they paid \$50 an acre extra for the land in order to get the water right. They say that they had to pay for that water right a second time, and that now an attempt is being made to make them pay a third time. It is contended in the action that while the promoters disposed of the land they manipulated to keep control of the Yorba Linda Water Co., and still control that company. It is asserted that \$175,000 bonds were issued and turned over to the Janns Investment Co. without any consideration being given the water company, and that now the stockholders are being assessed to pay interest on those bonds, when in purchasing they understood that assessments would be for operating expenses only.

To the complaint filed by Attorneys Heney and Carr, a demurrer was filed by Attorneys Haas and Dunigan. This demurrer was argued last Friday. The demurrer contained twenty-six specifications in which the defendants declared the complaint to be uncertain. The demurrer called up law points and sufficiencies only. In his ruling today, Judge Thomas took up each specification separately, and pointed out wherein he was convinced that the complaint is sufficient.

Judge Thomas refers to a supreme court decision that is said to be almost a duplicate of the Yorba Linda case. In that case the water users won.

In regard to a paragraph of the demurrer, in which it is stated "That the said complaint does not state facts sufficient to constitute a cause of action against the defendants or either of them," Judge Thomas says: "To my mind the case of Copeland vs. Fairview Land & Water Co. furnishes direct authority for an action of this kind. In said action it appears that a corporation may be considered as agent, and that water right is appurtenant to the land, and that the title to the same may be quieted."

On the question of misjoinder of defendants, the court ruled: "It is specifically alleged in the complaint that these plaintiffs claim their title from a common source, and in each instance they entered into a contract to purchase the land from the vendors pursuant to which the land was decided to them. The same is true of the water right. The defendants, according to the complaint, are claiming adversely to the plaintiffs in precisely the same manner. The cloud upon the title of the plaintiffs is the same as to each of them. If this be true, then there is no misjoinder of parties plaintiff."

U. S. C. TO TEST COWS PASADENA, Jan. 15.—The board of city commissioners has announced that the University of Southern California would hereafter do the work of cow testing, formerly done by the City Veterinarian. The university keeps a man in the field to test cows, who will include in his inspection the testing of the cows in Pasadena.

RAOUL MADERO, YOUNGER BROTHER OF THE MURDERED PRESIDENT IS WITH GEN. VILLA

Raoul Madero, younger brother of the murdered president of Mexico, is now the chief adviser of General Pancho Villa, conqueror of Chihuahua City, one of the wealthiest towns in the whole country. The young man knew that he could not be friends with President Huerta, whose purpose seemed to be to exterminate the Madero family, several members of which escaped to New York city.

But Raoul Madero remained in his native country. He has been with Villa since the taking of Juarez, across the Rio Grande from El Paso, Texas. It is possible that much of the success of Villa, the ex-bandit, has been due to young Madero.

DEATHS IN NEW YORK FROM COLD
Worst Weather of Years Now Abating—Washington, D. C., Had Cold Day

NEW YORK, Jan. 15.—Eleven deaths in New York proper and fifteen deaths in the metropolitan section are attributed to the intense cold which abated today after the most severe spell of weather that this city has experienced in fifteen years. Rising temperatures abated the suffering in the streets last night, but during the day the weather was so cold that six persons succumbed to exposure.

Cold Day in Capital
WASHINGTON, Jan. 15.—Washington woke up yesterday morning to the coldest day it had known in two years, with a temperature of 7 degrees above zero. All trains coming in from the south arrived hours late.

DAM BURSTS IN WEST VIRGINIA
Flood Swept Stony River Valley—Warnings Cause People to Flee—Lives Saved

PITTSBURG, Jan. 15.—The West Virginia Pulp and Paper Company's big dam near Dobbins, W. Va., burst today. A flood is sweeping Stony river valley according to a long distance telephone message from the company's manager at Piedmont. The flood had not reached Piedmont at the time of the message. The manager was uncertain as to how serious the situation might become. Warnings sent out earlier in the day when the dam was found to be leaking at both ends are believed to have prevented loss of life, as the inhabitants were fleeing before the dam collapsed.

Buildings costing a quarter of a million dollars were destroyed, according to a late afternoon message from Cumberland. The dam went out piecemeal, thus enabling the people to flee before the great wall of water reached the towns. The flood's crest reached the Potomac this afternoon. The river at 2 o'clock was ten feet above the flood line.

COBEQUID IS SINKING FAST

Capt. Howson and Eleven of Crew Last to be Taken Off Doomed Vessel

WONDERFUL RESCUE OF 108 PEOPLE FROM PERIL

Searching Ships Found Vessel Breaking Up on Trinity Ledge Late Yesterday

YARMOUTH, N. S., Jan. 15.—Captain Howson and eleven remaining members of the crew of the Royal Mail packet Cobequid were taken from the wrecked vessel today by the government schooner Lansdowne which is proceeding to St. Johns. All others on the ship were removed earlier. The ship is fast breaking up.

The Story of the Rescue
The story of the rescue of the Cobequid will go down in shipping annals as one of the most notable ever accomplished on the Atlantic Coast.

The Cobequid had begun to break up under the battering of the terrific seas that had been merciless from the time the vessel struck on Trinity Ledge early Tuesday. Responding to wireless calls from the grounded vessel, ships hastened to her rescue, the Westport finding her at 4:20 yesterday afternoon. The John L. Cann soon came up. The Westport and Cann got their boats into the water and were followed soon by the boats of the government steamer Lansdowne and the Rappahannock. 108 persons were on board the Cobequid and all were taken off but Capt. Howson and eleven men who remained on deck. The rescued were taken to Yarmouth where they were made comfortable.

STEEL KING PAYS \$200 FOR GAME LAW VIOLATION

ALBANY, Jan. 15.—William E. Corvey paid the conservation commission a \$200 fine yesterday for having, at the Metropolitan Club of New York, in the closed season, eleven partridges and a quarter of venison. Louis Sherry paid \$10 for possessing venison from which the legal tag had been removed.

MARSHALLS HAVE WILSONS TO DINE AT THE SHOREHAM

WASHINGTON, Jan. 15.—Vice President and Mrs. Marshall entertained at dinner last night in honor of President and Mrs. Wilson. The dinner took place in the gold room of the Shoreham, which was lavishly decorated with American beauties.

Among the other guests were the members of the cabinet and their wives, with the exception of Secretary of State and Mrs. Bryan, Miss Eleanor Wilson and the Countess de Bertin.

WILSON OUTLINES TRUST MESSAGE

Will Ask for Board to Define Limits for Corporations; Opposes Interlocking

WASHINGTON, Jan. 15.—President Wilson will recommend a federal board or commission to pass on the industrial acts of interstate corporations and to tell such corporations just how far they can go under the law against monopoly or restraint of trade.

This is the idea in his trust message to congress, which he has indicated to senators and house members that he would read to congress next Tuesday or Wednesday. Other features of his message on the trust question, as outlined by him will be: A clear definition of what is restraint of trade without conflict with the supreme court's decision that the "rule of reason" must be applied by the courts in their decisions.

Drastic prohibitions against interlocking directorates among industrial corporations, railroads, steamship lines and banks, that there shall be freedom in competition and a minimizing of financial control or domination.

Insistence that guilt shall be personal and heavy penalties for violation shall attach.

Mell Smith, the Watchmaker, has moved to 304 Main street.

ONE INCH AND HALF FREE DELIVERY OF RAIN FELL AT FULLERTON HERE MAY 1

The Season's Fall for Santa Ana is Well Over Four Inches

All Orange county had a splendid rain last night. Reports from various sections indicate that the fall for the night was everywhere nearly an inch and a half. Up to 7 o'clock this morning 1.45 in. had fallen here. This measurement was shown by S. Hill & Son's gauge. The chart kept at that store shows 4.33 for the season, up to 7 o'clock this morning.

The rain was the best of the season. For those who have their barley and beets planted, it could not have come better.

Postmaster Edwards Gets His Instructions—Bank Elections Held

FULLERTON, Jan. 15.—Postmaster Edwards has received the official notice from Washington to start free city delivery service in this city May 1. The notice states that all people who are to be served in the residential districts must have boxes. Work has been commenced to enlarge the postoffice and the change will give 107 feet more floor space than the office has now. The work will be completed in a few days.

The Hurley, Smith and Collins Company reports to the Anaheim Union Water Company that the firm manufactured 34,772 gallons of gasoline during the month of December and that the value of the same is \$3705.95. The St. Helens also reports to the same company that it produced during the month of December 3059 gallons of oil and that it sold 6694 barrels during the month.

Bank Election
The Farmers' and Merchants' National Bank stockholders elected the following directors yesterday afternoon: C. C. Chapman, R. S. Gregory, Samuel Kraemer, C. L. McComber and E. K. Benchley. The directors elected E. K. Benchley, president; C. C. Chapman, vice president; C. W. Crandall, cashier, and George Esmy, assistant cashier. The bank also declared a six months 4 per cent dividend and added \$2500 to its surplus fund. Work was commenced this morning to enlarge the banking-rooms of this bank and when completed the floor space will be more than doubled. The total cost, including furniture, will be close up to \$10,000.

The O. and C. Construction Company of Fullerton has secured a \$180,000 paving contract in Imperial.

While excavating for a sewer pipe back of the Baptist church, Contractor Walker found all the bones of an aged woman and also of a young child in separate graves. Several bodies were buried there over twenty years ago, but it was supposed that all of the remains had been taken up and reburied in the cemetery. The bones of the aged woman are thought to be those of the grandmother of a Mrs. Bryan, who lives in the Orangeflower district.

News has reached here of the marriage of Miss Millie Lloyd, daughter of Mrs. Eva Lloyd of Fullerton, and Vern E. Johnson. Both are former well-known residents of Fullerton. Only relatives of the contracting parties were present at the ceremony, which was performed by Rev. Embree, a former pastor of the Methodist Episcopal church of Fullerton. Mr. and Mrs. Johnson will reside in San Bernardino.

A letter received from Sultana, Cal., announces the death of Rev. J. C. Gowan, who for several years was a well-known pastor of the Methodist Episcopal church of Fullerton. He was 71 years old and during his pastorate he helped to build thirty-six churches and had been in the ministry forty-five years.

Stockholders of the First National Bank yesterday afternoon elected the following directors: S. N. Fuller, J. W. Newell, B. G. Balcom, Col. J. E. Jones, A. J. Kerfoot, George B. Key and F. R. Holcomb. About 400 out of the 500 shares of stock were represented.

GARDEN GROVE HAS REVIVAL
GARDEN GROVE, Jan. 15.—The revival services at the Methodist church conducted by Rev. Hull, the pastor, assisted by Mr. and Mrs. Potts, are well attended and good interest is manifested. The meetings will continue this week.

Raymond Beardsley will go to San Bernardino on Friday with an auto truck load of walnut trees. The Beardsley Nursery has a large shipment of trees for a ranch there.

Mr. and Mrs. Everett Wilson and little son of Chicago are here visiting with Mrs. Wilson's mother, Mrs. J. U. Kerner. They arrived on Tuesday. Mrs. Kerner met them in Los Angeles.

HOW "TIZ" HELPS SORE, TIRED FEET

Good-bye sore feet, burning feet, swollen feet, sweaty feet, smelling feet, tired feet.

Good-bye corns, callouses, bunions and raw spots. No more shoe tightness, no more limping with pain or drawing up your face in agony. "TIZ" is magical. It acts right off. "TIZ" draws out all the poisonous exudations which puff up the feet. Use "TIZ" and forget your foot misery. Ah! how comfortable your feet feel. Get a 25 cent box of "TIZ" now at any drugstore or department store. Don't suffer. Have good feet, glad feet, feet that never swell, never hurt, never get tired. A year's foot comfort guaranteed or money refunded.

An Ideal Woman's Laxative
Who wants to take salts, or castor oil, when there is nothing better than Dr. King's New Life Pills for all bowel troubles. They act gently and naturally on the stomach and liver, stimulate and regulate your bowels and tone up the entire system. Price, 25c. At all druggists. G. Bucklen & Co., Philadelphia or St. Louis.

ORANGE GETS 1.49 RAINFALL

Inch and Half of Water from
Skies is Hailed With
Delight

ORANGE, Jan. 15.—Last night's down-pour of rain amounted to approximately an inch and a half and gave a decided boost to the season's total, which now hovers near the five inch mark.

Late yesterday afternoon the rain commenced falling and kept steadily at it almost without intermission all through the night, and continued today.

At 8 o'clock this morning the rainfall, as measured in the official gauge of Judge "Jim" Fullerton, registered

"Make it a Point"

1.49 inches, the largest so far this season, for twenty-four hours. The total for the season is now 4.93 inches. The rain was of the penetrating sort that does the greatest amount of good with the least amount of waste. It is hailed with a joyous welcome from ranchers and townsmen alike.

A good sized delegation of local Knights of Pythias journeyed to Anaheim last evening to take part in the installation of officers at that place. Officers were installed in Placentia on Tuesday evening, a number of local Knights also attending that event.

Miss Pansy Hoge returned this morning to Fullerton after an over night visit here with her parents, Mr. and Mrs. J. C. Hoge.

Earl Plue was home from the Los Angeles Normal School last evening to spend the night. He returned this morning.

The Sewing Circle girls were entertained last evening at the home of Miss Helen Miller on South Orange street.

Mrs. A. R. Smith of 524 East Chapman avenue, entertained members of the Whist Club at her home yesterday afternoon.

Interest in Friday night's basketball game between the Orange and Whittier Athletic Club fives is gaining as the date approaches. It is generally believed that the local club will meet the hardest opposition that it has experienced so far this season when it lines up against the strong Whittier cracks. The home team is in good shape for the contest and is preparing to give the visitors the battle of their lives. A large crowd will turn out for the game, as a hard fight is in prospect.

Remodeling work on the old Gem Theater on North Glassell street, which will be refitted and reopened as the Star moving picture house, commenced today. The work will be pushed to completion as rapidly as possible.

Contractor H. Shipke is facing a temporary delay in completing his new big apartment house at the corner of Maple avenue and North Olive street. An accident which laid out a sand mill in Los Angeles, from which Mr. Shipke secured material for his brick work, also held up operations on the local building.

Expectations that the Santa Ana Valley Irrigation Company would be able to occupy its new building on North Glassell street will not be realized from the present outlook. The building, however, is being finished rapidly and will be ready in the near future. The S.A.V.I. Company is constructing an underground flume at Main street, Santa Ana, to carry its stream of water below the road surface.

The Pacific Electric is operating daily work-trains on the new extension of its right-of-way from Santa Ana to Orange. The trains are working almost to the Santa Fe railroad crossing and a make-shift siding has been built near that point.

Herman Kruschke has returned after a brief business visit in Los Angeles.

E. H. Talley and Paul Clark attended a matinee party at the Moose lodge in Santa Ana last evening.

Miss Georgia Glenn, Miss Leonard and Mrs. M. Hutchins left this morning for Salem, Cal., where they will visit for a time. They will return later to Southern California to locate, Miss Glenn has recently sold her millinery store in this city.

BREAKS A COLD IN A FEW HOURS—PAPE'S

First Dose of Pape's Cold Compound Relieves All Grippe Misery

Don't stay stuffed-up!

Quit blowing and snuffling! A dose of "Pape's Cold Compound" taken every two hours until three doses are taken will end grippe misery and break up a severe cold either in the head, chest, body or limbs.

It promptly opens clogged-up nostrils and air passages; stops nasty discharge or nose running; relieves sick headache, dullness, feverishness, sore throat, sneezing, soreness and stiffness.

"Pape's Cold Compound" is the quickest, surest relief known and costs only 25 cents at drug stores. It acts without assistance, tastes nice, and causes no inconvenience. Don't accept a substitute.—Advertisement.

ORANGE NEEDS MORE SCHOOLS

Growth of City Has Added 125
to Rolls in the Last
Year

Orange News: On public sentiment, as expressed within the next few days, will depend the calling of a bond election for the purpose of building a new grammar school, according to announcement made today by the school authorities.

The grammar school board is said to recognize the pressing need of further school facilities and is willing to call the election if convinced that the people of the district desire it. The conditions necessitating the increasing of the capacity of the grammar schools are briefly as follows:

The schools were crowded last year. This year there is an increase in enrollment of more than 125. At the present time it is necessary to rent an additional room outside the present buildings. This room is the junior room of the Presbyterian church on East Maple avenue, where from 30 to 40 first grade pupils are compelled to go.

The fact that the increase in enrollment next year will, unless unforeseen incidents arise to prevent, at least equal the increase over the past year, places the schools face to face with a problem which is only to be solved by enlarging the school establishment.

The grammar school board has taken cognizance of these conditions and submits them to the public for consideration. If it appears that the public favors a bond election, the board will call it.

As a preliminary measure, the board has ordered that options be taken on school sites in different sections of the city. Options on three sites already have been secured.

Endorsement of such a bond issue was given last evening by the Merchants & Manufacturers' Association, and next week by the Parent-Teacher Association.

A tentative plan for the equipment of a new school plant with manual training and home economics facilities, which could be used by the sixth, seventh and eighth grades of the German school, has been suggested.

Preference for a bonding proposition for a new grammar school was given last night by the Commercial Club when that organization endorsed a bonding scheme for a new grammar school and suggested that the city hall project be indefinitely postponed.

C. C. Smith, principal of the grammar schools, introduced the school subject with an outline of present conditions in the grammar schools. The enrollment, he stated, had increased 125 over last year, when the schools were thought to be crowded.

This year it has been necessary to get an outside room to take care of the overflow and still the schools suffer from a congested condition. He pointed out that, if the present ratio of increase holds, the schools next year will be quite unable to cope with the situation.

He said that the suggestion had been made that a new building, providing manual training and home economics, be given over to the sixth, seventh and eighth grades, and that the same grades of the German school be given training in these two branches at the same building. He said that the suggestion had met with favor on the part of the German school teachers, and that he thought it was practical.

After a general discussion, in which the city hall bonding proposition was introduced, it appeared to be the sentiment of the club that there would be difficulty in carrying both propositions, and, as the school project seemed the more important of the two, the city hall project should be set aside for the present.

A resolution endorsing the grammar school project, carrying an intimation that the city board should drop the city hall scheme, was adopted.

Pacific Electric Celebration
An inclination to drop the proposed Pacific Electric celebration owing to the uncertainty of the date of the opening of the line and of the weather at this time of year was evidenced in the discussion of the topic. The

president was finally instructed to take up the matter of postponing the celebration with the Merchants & Manufacturers' Association. The opinion was expressed that the town would get more good out of an entertainment given the Montana excursionists than out of a celebration in which local people only participated. The entertainment committee was instructed to sign a contract with the Occidental Glee Club for a concert here on January 24.

Mr. Pickrell, representing the Photo Projecting Company, demonstrated several of the company's picture machines and made a proposal for advertising the city by means of pictures. The matter was taken under consideration.

DARK DAYS

Are Days of Suffering—They
Are Becoming Brighter for
Some Santa Ana People

Many "dark days" from kidney ills. Backache, headache—tired days. Urinary trouble makes you gloomy. Doan's Kidney Pills have proven their worth.

Have been tested by many kidney sufferers. They are endorsed by Santa Ana people. Mrs. Blanche Perry, 611 W. Second St., Santa Ana, Cal., says: "For years I had kidney trouble. My back ached most of the time. When I got out of bed in the morning, I felt like an old person. I couldn't straighten. That dull ache over my kidneys kept on day and night. I felt tired and worn out. Sharp pains darted through my back. My kidneys were irregular in action. I was in a bad way when I began using Doan's Kidney Pills. They soon gave me relief and before long drove away all the trouble with my back and kidneys. I am certainly grateful for this cure."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo New York, sole agents for the United States. Remember the name—Doan's—and take no other.—Advertisement.

Notice to the Public

The firm of Smiley & Smith being dissolved, the business being continued by R. R. Smith, who assumes all accounts and collects all bills. Those knowing themselves to be indebted to the firm will please call and settle. From this date all small bills must be cash. No credit will be extended except to those who have formed the habit of coming in and paying promptly every month. Hereafter will not make special deliveries with small orders, but will systemize delivery to reduce cost to a minimum consistent with efficiency.

Thanking you all for your liberal patronage in the past, and will endeavor to merit your patronage in the future.

Very truly yours,
R. R. SMITH.

COLDS TO BE TAKEN SERIOUSLY

Intelligent people realize that common colds should be treated promptly. If there is sneezing, with chilliness and hoarseness, tickling throat and coughing, the latter especially annoying at bed time, use Foley's Honey and Tar Compound. It is effective, pleasant to take, checks a cold, stops the cough which causes loss of sleep, and lowers the vital resistance to disease. Remember the name, Foley's Honey and Tar Compound and avoid substitutes. Windgod's Drug Store.

NOTICE OF BUSINESS CHANGE

COMPARE YOUR BOY WITH THESE STANDARDS

In the January American Magazine appears a practical and exceedingly helpful article entitled "Better Boys," which presents new standards for judging boys' physical development. The author, Charles K. Taylor, divides boys into three types—the slender type, the medium type and the heavy type. In the table presented below he gives the proper measurements for boys between the ages of 11 and 14 in these three types.

These tables are arranged for people who are not experts and who have no apparatus beyond the tape-measure. The tables have been tried over and over a great many times during the past three years and corrected by experience. As they stand they have been found surprisingly accurate, so they may be used with considerable confidence by intelligent parents or teachers. Comparison with the tables will give a parent a fairly good idea of a boy's weak points. Furthermore the tables give the average boy a great interest in the matter.

In the public schools of Philadelphia, where these tables have been put to great practical use, awards are given for improvement as well as for perfection of physique, and the results have been successful beyond expectation. In Philadelphia boys in the public schools wear buttons which indicate whether they are of first, second or third class physical condition, and they strive to improve their condition, because improvement brings to them certain awards and privileges.

The following is the table of measurements for boys between the ages of 11 and 14:

Standard Measurements				
Age	11	12	13	14
Height	53 1/2	58 1/2	60 1/2	63 1/2
Weight	55	70	80	88

"My lips are sealed," said Lucia.
"Certainly there can be no germs in a sealed package," declared Edgar, helping himself to a strictly sanitary kiss.

NOSTRILS AND HEAD STOPPED UP FROM COLD? TRY MY CATARRH BALM

Instantly Clears Air Passages; You Breathe Freely; Dull Headache Goes; Nasty Catarrhal Discharge Stops.

Try "Ely's Cream Balm."
Get a small bottle anyway, just to try it. Apply a little in the nostrils and instantly your clogged nose and stopped-up air passages of the head will open; you will breathe freely; quinsiness and headache disappear. By morning the catarrh, cold-in-head or catarrhal sore throat will be gone.

End such misery now! Get the small bottle of "Ely's Cream Balm" at any drug store. This sweet, fragrant

CALIFORNIA CITIES JOIN ORGANIZATION

Santa Ana is Among Those on the List of New Members

WASHINGTON, D. C., Jan. 15.—California has become represented in the Chamber of Commerce of the United States of America during the past three months by the election of commercial bodies operating in Avalon, Berkeley, Oakland, Pasadena, Santa Bernardino, San Jose, Torrance, Santa Ana, Bakersfield, Fresno, Tullock, Modesto, and Alameda. The total number of organizations in the National Chamber from California is now eighteen.

There are now 488 organizations constituting the membership of the National Chamber. Every state and territory is represented, with the exception of New Mexico. Commercial organizations in Hawaii, Porto Rico and the Philippine Islands have been elected. The American Chamber of Commerce in Paris, and the American Chamber of Commerce for the Levant are also members.

The second annual meeting of the National Chamber will be held in Washington from February 11 to 13. Several hundred business men representative of commercial organizations are expected. February 12 will be devoted to the broadest consideration of all that is involved in the Sherman anti-trust law and the regulation of corporate activity by law. The annual banquet of the National Chamber will be held on the anniversary of President Lincoln's birthday. On February 11 Secretary Wilson of the department of labor will address the meeting on "The Relation of the Department of Labor to Industries and Commerce."

LIVESTOCK GRAZING ON THE NATIONAL FORESTS IN STATE

While the past season was unusual, only three of the nineteen national forests in California, namely, the Santa Barbara, Monterey, and Kern, have shown unfavorable range conditions. All the others were either normal or above normal, and some excellent. Foot-hill conditions in the central Sierra ranges were below normal, but feed in the high ranges was excellent on account of copious rains. In most instances stock left the national forests in good condition, and a great deal of beef was marketed right from the ranges.

Grazing authorizations approved for 1914 on the California National Forests cover 297,562 cattle, and horses, 7,990 swine, and 47,390 sheep and goats. This will be a net increase over the numbers authorized for 1913 of 6835 cattle and horses, and 21,282 sheep and goats, and a decrease of 575 swine.

The beneficial effects of regulated grazing are fully shown in the increased numbers of stock which may be permitted from year to year on regularly used ranges.

A REWARD FOR ARREST OF FIRE TRESPASSERS

The Secretary of Agriculture has authorized the payment of a reward of \$25 to Henry Gramps of Pulga, California, for furnishing information which led to the arrest of T. T. Reese and H. C. Bird for starting a forest fire on one of the National Forests. Reese and Bird are two young men from Wisconsin who on a hot day last September stopped to cook their noonday meal along the Western Pacific right-of-way in Plumas county. Not being familiar with the danger of forest fires they did not take proper precautions and a light breeze soon spread the flames through the dry grass and beyond their control. Alarmed at the size of the fire they attempted to escape from its vicinity, but were seen by Gramps who informed the forest officers. The boys were later arrested, taken before United States Commissioner Webster in Stockton, where they plead guilty and were released on parole. The fire which they allowed to escape burned over 500 acres before it was extinguished by the forest rangers and a force of temporary fire-fighters. There is a standing reward offered by the Department of Agriculture for information which will lead to the conviction of anyone responsible for the starting of forest fires either through maliciousness or through carelessness in the handling of fire in the woods.

The Collision
A Newark man, running at a moderate rate of speed, was about to pass a cross street when a reckless mosquito dashed in front of him and carried away a lamp and a fender. The victim was able to stagger to the next crossing and report the case to the policeman.
"It's no use," said the officer. "He's safe by this time. If you didn't catch his number there's nothin' doin' it."
Of course, this could happen only in New Jersey.

W. H. HUFF

LOOKS MUCH LIKE ESHLEMAN FOR LIEUTENANT GOVERNOR

John M. Eshleman, president of the Railroad Commission, will probably be Governor Johnson's running mate.

At a meeting of Southern California Progressives in Los Angeles, yesterday the sentiment in favor of asking Mr. Eshleman to enter the race was not only unanimous, but enthusiastic; and Lieutenant Governor Wallace, who had just come from a conference of Progressives in San Francisco, reported that the sentiment there, and as far as it could be ascertained, all over the state, was strong for Eshleman.

Everybody from everywhere felt that Eshleman should be kept at the head of the Railroad Commission if possible, but all agreed that if that could not be done, and he would accept the Progressive nomination for Lieutenant Governor, that would be the next best thing to do in the interest of the public service and the Progressive cause.

That Mr. Eshleman cannot be kept at the head of the Railroad Commission seems certain—at least it seems certain that it would not be fair and just for the Progressives to demand that he run for re-election. Mr. Eshleman is not physically strong.

He nearly entered public life as a legislator and made his great fight against racetrack gambling. Since he has been president of the Railroad Commission he has literally lived on railroad-trains, eating and sleeping a little with his boots on, and his trousers dirty. Every day's work to another. Everybody who knows Eshleman knows that if he keeps up that tick it will kill him.

As to his retirement from the Railroad Commission at the end of the present year, when his term expires, Mr. Eshleman says in substance, as reported by Lieutenant Governor Wallace: "I ought to retire, and I earnestly desire to retire. The constructive work of the Railroad Commission has been done, and whatever value my services may have had in the work of the commission up to

SPECIAL WASHINGTON LETTER

By Burton K. Standish

WASHINGTON, Jan. 15.—It took \$1.10 to send a 20-pound package from Omaha, Nebraska, to Duluth, Minn., by express one year ago; today the same package could be sent by parcel post for 63 cents, and beginning the first of next month it may be expressed for 66 cents.

Should the package weigh but 10 pounds the new rate would be the same, 43 cents, by either route, but smaller packages will thereafter be cheaper by parcel post. No railroad rate war of boom days showed a more vigorous slashing of rates, and though the cut in express tariffs is to

	Zone.	Wt.	Old P.P.	New P.P.	New Ex.	Old Ex.

Chicago to New York	5	7	51	44	35	70
Chicago to New York	20	20	122	122	64	100
Augusta, Me., to Topeka	6	7	64	57	48	100
Augusta, Me., to Topeka	20	20	161	161	100	165
Nashville to Los Angeles	7	7	71	71	81	100
Nashville to Los Angeles	20	20	201	193	275	275
Washington to Frisco	8	7	84	91	91	105
Washington to Frisco	20	20	222	222	285	285

The new parcel post rate in zones one and two went into effect last August and besides making the rate the same in both zones it allowed 50-pound packages to be carried therein. The order effective January 1 made a reduction in zones 3 to 6, inclusive, and provided that 20-pound packages might be carried therein and in zones seven and eight also.

As the express rates have been fixed regardless of postal zones the above table will not apply exactly to every case but it shows, in a general way, that heavy packages and long hauls will go cheaper by express, while small packages and short hauls are lower when sent by parcel post.

Ravages by tuberculosis have been checked to an astonishing degree in Switzerland by the methods which have been in practice in that country, which consist practically of education of the public to the dangers of trans-

The Swiss public sanatoriums are located in the Alps, or in the Jura mountains, and their elevation above the sea level is from 800 to 1000 yards. A potent force in conjunction with the sanatoriums has been the federal factory inspection service, which for years has placarded factories with instructions as to how to avoid the white plague. Public bureaus also sprang up, with a service corresponding to the tuberculosis nurses of many American cities. These supplied the nursing and expert advice, but allowed the family of the patients to furnish their own food and clothing. One of the most important works done by these bureaus was the sending of children in infected families to the country, where they would not be subject to its dangers. The Woman's Association of Public Utility was a tower of strength in this work, as was also the Red Cross. The government took a hand in compelling owners of buildings which were not sanitary, and consequently apt to breed tuberculosis, to change their structures to conform with the ideas of the sanitary inspectors.

IF HAIR IS TURNING GRAY, USE SAGE TEA

Here's Grandmother's Recipe to Darken and Beautify Faded Hair

That beautiful, even shade of dark, glossy hair can only be had by brewing a mixture of Sage Tea and Sulphur. Your hair is your charm. It makes or mars the face. When it fades, turns gray, streaked and looks dry, wispy and scraggly, just an application or two of Sage and Sulphur enhances its appearance a hundred-fold.

Don't bother to prepare the tonic; you can get from any drug store a 50-cent bottle of "Wyeth's Sage and Sulphur Hair Remedy," ready to use. This can always be depended upon to bring back the natural color, thickness and lustre of your hair and remove dandruff, stop scalp itching and falling hair.

Everybody uses "Wyeth's" Sage and Sulphur because it darkens so naturally and evenly that nobody can tell it has been applied. You simply dampen a sponge or soft brush with it and draw this through the hair, taking one small strand at a time; by morning the gray hair has disappeared, and after another application it becomes beautifully dark and appears glossy, lustrous and abundant.—Advertisement.

WANTED—BY "KNOW HOW" SHOP—Upholstering and furniture to repair. Mattress renovating. We make and hang drapery, also retire go-carts.

A. E. HARTMAN, Sunset 931W
709 N. Sycamore St., Opp. Court House

All druggists or by mail H. E. Bucklen & Co., Philadelphia or St. Louis.—Advertisement.

Leaves Money to Cats
A bequest of \$1000 for the benefit of every cat on the island of Madeira is provided in the will of Miss Caroline G. Ewen, according to a statement before Surrogate Mahalan, in behalf of John Ewen, a nephew, who is contesting the will. Miss Ewen gave the bulk of her estate of \$200,000 to institutions which care for cats and dogs, and one bequest of \$50,000 went to the Animal Rescue League of the Island of Madeira.

Counsel for the contestant asked permission to take testimony in London to show that many beneficiaries named in the will do not exist. He commented on the liberal bequest to the Madeira cats, which he says are scarce.

The surrogate reserved decision.—New York Sun.

Revival

A little of the revival spirit somewhat like the revival now going on at the Nazarene University, Pasadena, Cal., seems to have come to the revival meetings now being held at the Church of the Nazarene, corner of Fifth and Parton streets. They are having a veritable Pentecost at the university. A hundred souls being saved in one day, with over fifty seekers at one time. No time for preaching, or study, the time being taken by the four hundred students and others in getting right with God, and helping the many people in that community into the kingdom of Jesus Christ. Evangelist W. E. Shepard, who is conducting the revival at the Church of the Nazarene in this city is a man of great faith. A great meeting is expected to-night. The beginning of the service will be a sing song meeting, when each one present who will be expected to lead in singing a verse of some gospel song. Evangelist Shepard will preach. Meeting every night at 7:30 and every day at 2:30 p. m. except Saturday.

Now the rush is over, have those photos made.

WILLIAMSON-GRAHAM

Marriage of Well Known Young People Last Evening Was Pretty Home Event

The marriage of Miss Cecelia M. Graham and Verne D. Williamson was solemnized last evening at the home of the bride's parents, Mr. and Mrs. George A. Graham, 1726 Valencia street. The Graham home was charmingly decorated with ropes of asparagus ferns and marguerites, the crowning feature being a wedding bell of the marguerites interspersed with ferns and suspended in the archway between the living room and the parlor. Under this stood the young couple as they took upon themselves the wedding vows enunciated by Rev. Chas. H. DeWolfe, the minister who conducted the impressive ring ceremony. Before the ceremony Thomas Gowan sang "Till the Sands of the Desert Grow Cold," and Percy Lusk played the Lohengrin Wedding March, which announced the approach of the wedding party. Master Willie Graham, the bride's brother, walked with his sister Alberta, the latter prettily gowned in pale blue, and who carried the wedding ring in a calla lily, scattered rose petals before the bride and her father as they advanced to the altar where they were met by the bridegroom and the minister.

The petite bride, charmingly pretty and demure under the filmy wedding veil caught with orange blossoms, was gowned in white satin, made en traine, the vest of the bodice being trimmed with pearls from her mother's wedding dress. The exquisite lace collar worn by the bride came from England, a wedding gift from Frederick K. Stephens, with whose invalid wife the then Miss Graham was closely associated, having traveled with her when the Stephens left here for England where Miss Graham spent the succeeding year. Many beautiful and costly wedding gifts were showered on the bride, and following congratulations the guests viewed the lovely tokens of friendship. A delicious wedding collation was served, after which the bride donned her traveling costume of tailored blue serge with matching accessories. Mr. and Mrs. Williamson will spend their honeymoon at Los Angeles, Pasadena and the beaches. They will return here for a short time only, as they expect to reside at Hemet, where Mr. Williamson has purchased a ranch. He has been with the local Edison company for several years past, but wishes to improve his ranch property. Both Mr. and Mrs. Williamson have a large circle of friends who will regret their departure from Santa Ana, but who will wish them happiness and substantial prosperity in their new home.

Those who witnessed the pretty ceremony last evening, besides Mr. and Mrs. Graham and family, were: Mrs. Wright and daughter Florence, of Pasadena; Mr. and Mrs. Thomas Gowan of Los Angeles; Mr. and Mrs. Edgar McDowell and Mrs. Hilda McDowell of Hemet; Mr. and Mrs. George Stewart of Tropic; Mr. and Mrs. Wm. Calder of Ontario, Canada; Mr. and Mrs. Archie Robinson, Mr. and Mrs. Percy Lusk, Mr. and Mrs. Norbert Lentz, Mr. and Mrs. Sam Preble, Mr. and Mrs. Ray Fraser, Mr. Vananek, Mr. and Mrs. Chas. Pratt and son Frederick and daughter Martha; Mr. and Mrs. Walter Baley, Mr. and Mrs. J. G. Morrow, Mr. and Mrs. Wm. McMurphy, Mr. and Mrs. Walter Neill, Mrs. M. J. Neill, Mr. and Mrs. Charles Williamson, Mr. and Mrs. V. Dessery and Edwin Dessery, Mr. and Mrs. W. A. Benjamin, Mr. and Mrs. Geo. Phelps, Rev. and Mrs. C. H. DeWolfe.

Home Missionary Circle
The Young Ladies' Home Missionary Circle of the First Methodist Church met at the home of Mrs. Glenn Breeding yesterday afternoon, and even though it was a rainy day, there was a good attendance.

Some interesting business was transacted, and after the business session a social hour was enjoyed. Mrs. Glenn Breeding and Mrs. E. J. Bargar had charge of the social features.

Pleasant Dance
Last night the Williams Dancing School gave another of the pleasant dances for which it is becoming noted. A goodly number were present in spite of the rain and thoroughly enjoyed the good floor of the Armory, the good music furnished by the Purless orchestra and the class programs that were the product of the Register job department.

McKINLEY BABY SHOW

PLEASING ATTRACTION

The final plans are completed for the baby show to be held in the kindergarten building on West Third street, under the auspices of the McKinley Parent-Teacher Association.

All mothers are most urgently requested to come and bring their babies. Any child under three years is eligible.

A small admission will be charged at the door, but any mother entering a baby's name will be admitted without charge. There will be baby's toys and home made candy on sale and a pleasing program will be given intermittently during the afternoon.

The hours will be from 2 to 5, and the date next Thursday, Jan. 22, 1914.

Altar Society

The Altar Society was delightfully entertained yesterday by Mrs. H. J. Small. The threatening weather of the afternoon had the effect of keeping some of the members at home, but those present were well repaid for braving the showers.

Shower for Miss Mize

Miss Mize, who is soon to be married to Carl Galbreth, was the central figure in the bevy of girls belonging to the Happy Hours Club which met on Tuesday afternoon at the home of Mrs. E. T. Brannon. She was showered by the members of the club, the dainty gifts being presented with loving thoughts and amidst much merriment. An informal afternoon of jollity was closed with a hot tamale spread.

Besides Miss Mize, the honoree, and the hostess, Mrs. Brannon, those present were Mesdames Walter Sutton and Arthur Humphrey, the Misses Hazel Rowley, Minnie Wild, Imogene Tillotson, Amy Bent, Jessie Wilke, Ware, Hutton.

Economics Meeting

The First Economics Section of the Ebull will meet tomorrow afternoon at 2:30 at the home of Mrs. W. E. Winslow. The subject will be "Cake Making." The hostesses will be Mrs. W. E. Winslow, Mrs. J. W. Tubbs and Mrs. J. C. Metzgar.

Third Economics Section

The Third Section of the Ebull House Economics will meet at the home of Mrs. F. W. Robinson, 1625 North Main street, tomorrow afternoon at 2:30 o'clock.

Sunshine Society Meeting

The regular monthly meeting of the Santa Ana Sunshine Society was held Wednesday afternoon at the home of Mrs. Arthur Ball, 1528 French street. The attendance was small, owing to the rain. It was decided to have a food sale on the date of the next meeting, Feb. 11, the particulars for which will be given later.

Had Good Meeting

The regular meeting of the Ladies' Missionary Society of the First Christian church was held in the Sunday school room yesterday. Poinsettias and smirks were used in decorations, making the room appear very homey and cheerful. The business period was conducted by the president, Mrs. I. L. Brunsdine, and Mrs. A. G. Lucas had charge of the program. The topic for the day was: "A Visit to the Headquarters of the Christian Woman's Board of Missions." There were excellent talks on the College of Missions work and workers by Mrs. H. Ellis and Mrs. Brown. A quiz was held by Mrs. Rogers, the questions being promptly responded to by the diener members. It was shown by the prompt responses that the monthly magazine called "Tidings" had been read quite thoroughly.

The inclement weather did not seem to hinder many of the members, as there was a fine attendance.

"SEEING SANTA ANA FIRST"

The ladies of the First Baptist church are planning a progressive supper tomorrow evening, Jan. 16. The starting point will be the J. Wiley Harris home, 506 East Fifth street. Other points on the trip, which is called "Seeing Santa Ana First," are not disclosed. Autos will be provided to take all to the various points and to their homes. Tickets for the entire trip, including supper, are 50 cents; the hours, from 6 to 7:30. All members of the church and congregation are invited.

PYTHIAN KNIGHTS INSTALL

Impressive Ceremonies Were Followed by Good Cheer in Way of Banquet

In spite of the rain that came down in such generous and welcome quantities last night, the members of Santa Ana lodge, number 149, Knights of Pythias, turned out for the installation of new officers lately elected by the lodge, a real success. This fraternal spirit was well repaid for a most enjoyable evening was spent. The ceremonies of installation were conducted by Jule Goepfer, acting District Deputy, assisted by E. E. Helt as Grand Master at Arms, and W. W. Wassser as Grand Prelate. The following officers were installed: F. S. Brown, C. C.; G. P. Campbell, V. C.; E. G. Glenn, K. of R. and S.; W. W. Wassser, M. of F.; E. B. Trago, M. of E.; W. M. Jackson, M. at A.; E. E. Helt, M. of W.; W. I. Patmore, I. G.; C. H. Wandell, O. G.

The evening was closed with good cheer, an appetizing supper following the installation ceremonies. Informal talks and the chat that usually makes such pleasant events were well in evidence.

Progressive Ride

The ladies of the First Baptist church will give a progressive trip, "Seeing Santa Ana First," tomorrow evening, the start being made from the J. Wiley Harris home, 506 East Fifth street. Other points on the journey are not disclosed. The hours are from 6 to 7:30 o'clock. Autos will be provided for the journey.

Personals

Mr. and Mrs. C. E. Buell are down from Hollywood for a short visit with friends in this city and also to attend the installation ceremonies of the G. A. R. They are at present stopping at the home of Mrs. Ida Birt.

Mrs. C. A. Barton of Newport Beach is visiting her daughter, Mrs. E. M. Adams.

Mrs. L. W. Beebe returned Wednesday evening from a few days' visit with relatives in Los Angeles.

J. P. Baumgartner of this city has been appointed a delegate to the Internal Waterways Congress, which meets in San Francisco today and continues in session for three days.

W. L. Deimling was a morning visitor to Los Angeles.

Roy Peterson was a forenoon passenger on a Los Angeles bound electric car.

Miss Cara Koech has accepted a position as teacher of Domestic Art at Santa Rosa and will soon leave for the north, stopping on the way at Oakland and Berkeley to visit friends.

Mr. and Mrs. John Delese will leave on Saturday morning for Chicago, going via the southern route of the Southern Pacific and expecting to stop at New Orleans and other points along the way. Their address after reaching home will be 216 Lake street, Evanston, Illinois. Evanston is one of the most beautiful of Chicago's suburbs.

Mrs. Geo. Cole left today for Riverside where her husband has been since last November in the capacity of manager for the Sutherland Fruit Company.

The host of friends of Rev. J. H. Garnett will regret to learn of his serious illness. Ailing for some little time past, Dr. Garnett was taken acutely ill several days ago and while reported slightly better last evening, is still a very sick man. His friends hope for his recovery.

Miss Mary Richards of Los Angeles is a house guest at the L. P. Hickox home.

SURPRISES MANY IN SANTA ANA

—The QUICK action of simple buckthorn bark, glycerine, etc., as mixed in Adler-ka, the remedy which became famous by curing appendicitis, is surprising Santa Ana people. Many have found that this simple remedy drains so much foul matter from the system that a SINGLE DOSE relieves constipation, sour stomach and gas on the stomach, almost IMMEDIATELY. Adler-ka is the most thorough bowel cleanser ever sold. The Rowley Drug Company.—Advertisement.

A Difference in Working Hours

—A man's working day is 8 hours. His body organs must work perfectly 24 hours to keep him fit for 8 hours' work. Weak, sore, inactive kidneys can not do it. They must be sound and healthily active all the time. Foley Kidney Pills will make them sound and well. You can not take them into your system without good results following their use. They are tonic in action, quick in results, and contain no habit-forming drugs. Try them. Wingood's Drug Store.

Vandermaast & Son

AMUSEMENTS

Billy "Single" Clifford's Past (Believe Me)

Billy S. Clifford, the American actor, while in England, was invited to spend a week-end in the country by a distinguished and elderly duchess, who rather patronizes Americans.

After Clifford had arrived and had been shown to the great hall, his hostess came in. "Oh, Mr. Clifford," she gushed, "I am so glad, so very glad to have you as my guest! You see I love Americans, and I know all about you. Oh, indeed, yes I do—I know all about you."

Clifford looked around apprehensively. "If that's so," he asked, "how did I get in?"

Mr. Clifford will be seen in "Believe Me" at the Grand Opera House on Thursday, Jan. 15.

Clune's Excellent Program

The program which is announced for the last four days this week at Clune's Santa Ana Theater promises to be an exceedingly good one. There will be three excellent vaudeville numbers, one of the features being a canine circus. This kind of performance generally pleases both old and young. Major Wright will present "The Dancing Bugs." This title seems to be appealing, and the performance will no doubt be as unique as the name.

The third number is announced as Harry Tourtelot, a Rube musical comedian. This kind of a comedian never fails to please, and it is safe to guess that Harry will come up to the standard.

The moving picture part of the program will doubtless be very good. For Friday and Saturday there will be presented on the screen "The Finger of Fate," a Pathe drama. This picture is in two reels. On Sunday only, a two reel drama entitled "Peg on the Movies" will be thrown on the screen.

This program is indeed worthy of consideration by those who desire a good evening's entertainment, in a cozy, warm theater, where everything is up-to-date in every particular.

DELHI NOTES

DELHI, Jan. 15.—Plowing for baets and barley is in progress. Mr. and Mrs. Baker of Poloreno were in town Thursday. Barley looks promising.

Masonic Notice

Called meeting of Santa Ana Lodge No. 241, Orange Chapter No. 73, and Santa Ana Council No. 14, Friday evening, Jan. 16, for installation of officers. Banquet at 6 o'clock. Installations open to all Master Masons. Visiting brethren cordially invited.

F. W. WINSLOW, T. I. M.
G. A. WHIDDEN, Sec'y.

MASONIC NOTICE

The officers-elect of Santa Ana Lodge No. 241, F. and A. M., Orange Chapter No. 73 and Santa Ana Council No. 14, will be installed on Friday evening, January 16.

Sojourning brethren and companions are cordially invited.

Supper will be served at 6 p. m.

H. R. ANDRE, R. V. CORBETT, F. W. WINSLOW, G. A. WHIDDEN, Secretary.

WOMEN LIVE LONGER THAN MEN

WASHINGTON, Jan. 13.—That white women live to and die at more advanced ages than white men is proved by figures published today by the Department of Commerce. Until the age of eighty years more deaths of men members of the race are recorded. This is accounted for by the fact that there are more men than women.

Conceding that numbers of both sexes are about even at the age of seventy, a great number of the surviving men die during the next decade, after which the mortality rate for women rises.

There were 750 women over 90 years old who died during the year of 1910, and only 534 men of the same age died; 246 people over 100 years old died during the year, and of this number 149 were women. These figures would seem to prove that the older women die faster than the men, but actually a great many women live to greater age than men, hence the greater mortality figures in the advanced ages.

About the same proportions hold good in the colored races in this country—Negroes, Mongolians, Malays and Indians. Although comprising about one-seventeenth of the population of the country, a more than proportionate number of deaths occur at advanced ages, 126 living to be over 100 years old. Of this number ninety-three were women, and thirty-three men.

ASK FEDERAL AID FOR ROADS

COLORADO SPRINGS, Colo., Jan. 15.—Federal aid for highways in public land states will be demanded during the fourth annual convention of the Colorado Good Roads Association, which began a two days' session here today. The convention will also ask additional funds for the road fund by a bond issue or direct levy. More than 1000 delegates are in attendance.

ATROCITIES IN MACEDONIA

SALONIKA, Jan. 15.—Terrible tales of outrages in Macedonia are being told here by fugitives from Kossovo. In the neighborhood of Prizrend, they declare, a number of villagers were compelled to dig their own graves before being massacred. Near Struga nineteen Albanians were strangled with a telegraph wire, and in several villages the inhabitants were locked in burning houses by the Servians to save the trouble of burial.

RADIUM AND PRODUCTS

TO COME IN FREE OF DUTY
WASHINGTON, Jan. 15.—Importations of radium, bromide or salts of radium are not subject to duty, according to the Board of General Appraisers in a decision made yesterday overruling an assessment of 25 per cent ad valorem made by the collector at New York. The new tariff law put radium on the free list and the appraisers decided that Congress intended radium salts, since pure radium was never put on the market.

The 'Mischievous Quartette' and Its Work

Each year the month of January numbers its list of victims from influenza, la grippe, bronchitis and pneumonia. La grippe coughs seriously weaken the system and when they hang on, are a sign of general debility. The use of Foley's Honey and Tar Compound will promptly check the cough, heal the inflamed air passages, preventing the development of la grippe to a more serious condition. Keep it on hand. Contains no opiates. Wingood's Drug Store.

From the Los Angeles Financial News

Easy Money Likely

Commenting on monetary conditions for the current month, a New York special declares that easy money is likely now the new year has turned. Says the dispatch:

In view of the strained monetary conditions abroad for the last two years, with resulting heavy demands upon New York for our gold, the exports this year alone, including the metal shipped to Canada, amounting to about \$80,000,000, it is reassuring to observe that conditions abroad promise relaxation. The reduction of the minimum rate of discount of the Imperial Bank of Germany already made has had good effect in investment circles and all indications point to a lowering of the Bank of England minimum after the turn of the year. Nothing definite has as yet been obtained regarding the immediate money prospects in France owing to the postponement of the National loan. The very best authorities have been on record for some time past as predicting an easier condition of the domestic money market, now the turn of the new year has come. They make the point that this would be only following precedent in former years regardless of political or general business considerations. As it is, the banks now hold twice as much actual surplus reserve as at this time last year. Conservative people who are basing their ideas upon crop and other solid considerations, such as our present exceptionally large foreign credit balances, insist that if money piles up in the next month or two, the prevailing extremely low prices of prime securities and the almost unprecedented range of choice available, must appeal to the experienced investor.

In the closing week of 1912, call money ranged between 1 1/2 and 12 per cent. In the first week of January, 1913, however, the banks gained \$13,829,940 cash, of which \$13,512,940 came from the interior. In the same week of 1912 there was a net gain of \$4,224,000, and in the first week of 1911 an increase in money was shown of \$10,762,000.

In the week ended January 9, 1913, time money figures declined to the lowest since the autumn of 1912. In the second week of January, 1913, the known movements of money indicated a gain in cash of \$22,781,000, of which \$18,756,000 was from the interior and \$4,015,000 from the sub-treasury. The gain in money in the last week of 1912 and the first two weeks of 1913, amounted to \$40,834,000. There was only a small gain in surplus reserve in the second week of January, 1913, owing to the fact that actual bank loans rose \$60,586,000, and deposits increased in the extraordinary amount of \$84,447,000.

In the third week of January, 1913, the banks gained \$19,675,370, of which \$13,675,370 came from the interior and \$6,010,000 from the sub-treasury. Our banks had been drawn upon that week for \$8,000,000 gold, shipped to Paris. In the fourth week of January, 1913, there was a loss of \$11,128,000 by the banks to the sub-treasury, including gold exports, but this was offset to the extent of a net gain of \$3,000,000 by receipts from the interior of \$18,409,120 with shipments of \$2,366,380. In the following week the banks gained from the interior \$13,002,670, but lost to the sub-treasury nearly \$10,000,000, including \$4,000,000 shipped abroad.

At the end of January, 1913, time money was quoted at 3 1/2 to 3 3/4 per cent for 60 days, 3 1/4 to 4 per cent for 90 days, 4 per cent for four months and 4 1/4 to 5 per cent for six months. Ruling figures are from 1 to nearly 2 per cent higher than the foregoing. Commercial prime mercantile paper was discounted with 1/2 per cent, of the extreme low figure of 1912, which was 3 1/2 per cent, or 2 per cent below the minimum at the present time.

The money movement in 1911 and 1912 were almost exactly similar in January and February to those referred to and this country in each of the last three years was called upon to ship gold to Europe more or less heavily. It is interesting to note that in almost every year there were toward the end of January and in part of February very heavy increases in the loan accounts of the New York city banks.

Tends Toward Monarchy

Protesting against "manifestation within the last ten years of a tendency to change the American democracy into a monarchy," counsel for the Mid-West Oil Company, headed by Joel Fred Vaile of Denver, filed with the United States Supreme Court Wednesday a brief attacking President Taft's order of 1909, withdrawing public oil lands in Wyoming and California from entry. The brief declares that the "manifestation to concentrate Governmental power in the President," is revolutionary and dangerous. The safety of the Nation is declared to rest on strict observance of the powers of the three great departments of government.

"With due consideration of all progressive tendencies of the day," the attorneys declare, "and of such wholesome changes as a spirit of reform may properly demand, yet, in matters committed by the Constitution to one department of the Government and not to another, the line of progress and the declaration of changes of policy should come through that department in which the Constitution has vested the power to change National policies."

For Rural Credits

The commission which investigated rural credit operations abroad announces that a bill is being prepared embracing the more important recommendations of the report now before President Wilson. Bills introduced in each house of Congress will form the basis of the Administration's effort to perfect new laws supplementary to the general banking legislation, to relieve financial conditions for farmers and make it easier for them to obtain working capital. The commission will make its report public as soon as it has received the approval of the President soon after his return from the South.

Oil Suits Transferred

Suits involving oil development operations in the Kern River fields, instituted by Alfred G. Wilkes against the Midway Syndicate, Ltd., in which judgment for \$32,636 is demanded, have been transferred from the Kern County Superior Court to the United States District Court. Cancellation of leases granted to the defendants is asked. It is alleged that the defendants have not lived up to their agreement, and are receiving the benefit of thousands of barrels of oil rightfully belonging to others.

Sugar Touches Low Point

All sugar refineries in the East, with the exception of the American Sugar Company, have reduced the price of sugar to four cents per pound less two per cent discount, the lowest level in twenty years.

Extends Telephone Service

During the current year the Pacific Telephone and Telegraph Company will install more than 10,000 telephones in Los Angeles, if the remaining days of this month are like the preceding ones, the number installed up to December 1 being 9300 and for this division 15,475.

Oil Dividends in California

Disbursements by oil companies in California in the way of dividends will approximate \$14,000,000. The largest dividend payer, of course, is the Standard Oil Company, which has been handing its stockholders \$1,125,000 every quarter. The Associated, which resumed payments this year on a basis of three per cent per annum, has paid out over \$3,500,000 since it was organized, and the total disbursements of its subsidiary, the Amalgamated, amount to \$3,000,000. Two-thirds of the \$25,000 dividend paid by the Sterling Oil Company on Wednesday of this week went to the Associated Oil Company, which owns the controlling interest in the former corporation. The regular monthly dividends of the West Coast and Amalgamated Oil Companies of \$1.50 and \$1.25 a share respectively will also help to swell the cash assets of the Associated, both of the paying concerns being subsidiaries of the big organization. The West Coast disbursement is payable January 24, and the Amalgamated on January 15.

The payments of the Pinal-Dome Company, including the dividends paid by the Pinal and Dome concerns before their consolidation, reach a total of \$1,250,000. The Caribou Oil Company has paid its stockholders nearly \$1,400,000 since its inception, and the W. K. Company has enriched holders of its shares to the amount of \$1,500,000 as the result of the purchase of the company's properties by the Dutch-Shell interests. The Dabney Oil Company, which is supposed to be in liquidation, has just paid a dividend of one-quarter of a cent a share, amounting to \$2500. This payment was made from sales of oil, and it came as a genuine surprise to the stockholders. The total dividends paid by California oil companies since the discovery of petroleum in the States aggregates about \$70,000,000.

Petitions to Resist Bond Votes

Three initiative petitions to amend the State constitution at the 1914 election to provide that none but property owners shall vote to incur a bonded indebtedness in any city, county or political subdivision of the State, have been filed in Secretary of State Jordan's office in Sacramento. Under the provisions of the petitions the right of persons to vote would be determined by the assessment rolls. One of the petitions came from Orange County and contained seventy-three names. The others were from Riverside and Shasta counties and each contained forty-nine names.

The petitions are the first ever filed proposing to initiate a new section to the constitution. The proposition, it is said, is being fostered by various taxpayers' associations. Thirty thousand signatures are necessary to place the proposition on the 1914 ballot.

Income Tax Returns

Corporations and individuals subject to the Federal income tax, and all who have incomes of \$3000 or more, will have until March 1 to submit their statements to the Internal Revenue Collector. They became due Thursday. The statements must show the net income of individuals or corporations since March 1, 1913, when the income tax law became effective. These reports differ in form as the law covering incomes provides that the special income tax may be withheld at the source of revenue which opens a wide field and may leave some doubt in the individual mind as to whether a return should be made to the Government, and in view of this all should make return. If the tax has been withheld at the source it should be so stated in the return. Proper forms may be had upon application at the office of the collector or by mail.

Regulating Ocean Rates

Unless the United States Courts shall rule otherwise, coastwise shipping rates between one port of California and another hereafter will be under the jurisdiction of the State Railroad Commission. This was decided by the State Supreme Court Monday in an opinion affirming the power of the Commission to regulate the rates of the Wilmington Transportation Company, plying between Los Angeles Harbor and the port of Avalon, on Catalina Island, twenty miles out at sea. Anticipating an appeal to the United States Supreme Court, the State Supreme Court said Monday:

Mexican National Defaults

The National Railway of Mexico and its affiliated properties, on the 1st inst., defaulted interest on bonds amounting to \$111,000,000. In lieu of the cash payment the companies issued three-year six per cent notes. The bonds on which default was declared consist of \$84,000,000 of National Railways 4 1/2 per cent prior liens and \$1,374,000 of Mexican Central Railway five per cent priority bonds. Semi-annual interest on these issues aggregates approximately \$2,500,000. Until a few days ago it was expected that the coupons will be paid in cash.

Corporations Have Souls

Fourteen thousand men employed on the subway and elevated lines of the Interborough Rapid Transit Company, New York, will receive a \$5 gold piece each for a Christmas present next week. The coins will be newly minted and direct from the Sub-Treasury in the metropolis. All men receiving salaries of \$115 a month or less will be included in the distribution.

Oil Land Suits Argued

The Government land withdrawal suits against the Midway Northern Oil Company and others, involving the ownership of a large tract of petroleum property in Kern County, were argued before Judge Dooling in the United States District Court here yesterday. The matter came up on an application for an injunction on the part of the Government and the defendants' motion to dismiss.

To Build Big Mill

The Mexican Gold and Silver Mining Company has agreed to erect a milling plant to cost \$100,000, at Rochester, Nev., to mill the ores from the twelve producing properties in that region.

Report on State Banks

The State Superintendent of Banks has issued a call for the condition of all institutions in his jurisdiction at the close of business December 24. The reports will not be delinquent until after January 10.

LOS ANGELES PRODUCE MARKET

The egg market declined yesterday to 42 cents on case count with the arrival of 412 cases in a single day, the heaviest receipts of the year up to this time. The demand was good, but not sufficient to keep up the market. Butter was active and there were numerous sales. An attempt was made to raise the price but the highest sales were made at 28 1/2 and then down again to 28. The San Francisco market continues steady and at the same figure.

The higher price of cheese, particularly eastern varieties, may be attributed to the manipulation of the big packing concerns of the country, according to recent reports from the East. It is said that the central point of their operations is Marshfield, Wis., the center of the cheese industry of the Middle West. That the packers are entering more into the dairy business is conceded and in Los Angeles the greatest portion of cheese is handled by the local branches of eastern concerns. A government investigation is to be started in the East, inquiring into the real status of the packers relative to restraint of trade and higher prices. There was some local trading in the commodity, northern full cream and eastern selling. Receipts were 4300 pounds.

The spud market continued unsettled, but showed an inclination toward a firmer market with a decrease in receipts for a few days.

ORDINANCE NO. 104

An Ordinance prohibiting injury to county roads and other public grounds, and fixing a penalty therefor.

The Board of Supervisors of the County of Orange, State of California, do hereby ordain as follows:

Section 1. Every person who wilfully, without malice and without being thereunto authorized by the proper authorities, digs up, plows up, removes, or breaks the earth, soil or stone upon, or otherwise injures any county road, public highway, private way, street, alley, avenue or park, or any part thereof, laid out by authority of any law, or otherwise dedicated, used, recognized or established as such is guilty of a misdemeanor, and on conviction thereof shall be punished by a fine not exceeding Three Hundred Dollars, or by imprisonment in the county jail, not exceeding ninety days, or by both such fine and imprisonment.

Section 2. This ordinance shall take effect on the 1st day of February, A. D. 1914, and prior to the expiration of fifteen days from the passage thereof shall be published for at least one week in the Santa Ana Daily Evening Register, a newspaper printed and published in the County of Orange, State of California, together with the names of the members of the Board of Supervisors voting for and against the same.

T. B. TALBERT, Chairman of the Board of Supervisors of the County of Orange, State of California.

W. B. WILLIAMS, County Clerk and Ex-officio Clerk of the Board of Supervisors of the County of Orange, ss. I, W. B. Williams, County Clerk of the County of Orange, State of California, and ex-officio Clerk of the Board of Supervisors thereof, do hereby certify that at the regular meeting of the Board of Supervisors of the County of Orange, held on the 13th day of January, 1914, at which meeting there were present, Supervisors Leek, Smith, Schumacher, Fred W. H. E. Smith, Wm. Schumacher, Fred W. H. E. Smith, Jasper Leek and T. B. Talbert, Chairman presiding, and the Clerk, the foregoing ordinance consisting of two sections was considered section by section, and each section separately considered, and the said ordinance was thereupon then passed and adopted as a whole by the following vote, to-wit: Ayes, Supervisors Leek, Smith, Schumacher, Struck and Talbert. Noes, None. Absent, None.

In Witness Whereof, I have hereunto set my hand and affixed the seal of the Board of Supervisors of said County, this 13th day of January, 1914.

W. B. WILLIAMS, County Clerk and Ex-officio Clerk of the Board of Supervisors.

NOTICE FOR PUBLICATION OF TIME FOR PROVING WILL, ETC.

In the Superior Court of the County of Orange, State of California.

In the Matter of the Estate of Abel S. Dunham, deceased.

Notice is hereby given that Friday, the 23rd day of January, 1914, at 10 o'clock a. m. of said day, at the Court Room of the Department No. 1 of this Court, in the City of Santa Ana, County of Orange, State of California, has been appointed the time and place for hearing the application of Jacob Fisher, praying that a document now on file in this Court, purporting to be the last Will and Testament of the said deceased, be admitted to probate, that Letters Testamentary be issued thereon to Jacob Fisher at which the said deceased, be admitted to probate, therein may appear and contest the same.

Dated January 6, 1914.

W. B. WILLIAMS, County Clerk. By J. M. BACKS, Deputy.

AT THE COURT HOUSE

REGISTRATION OF BOURNE IS FOUND LEGAL

Judge West Decides to Set Aside Two Informations—Minister's Case Next

This afternoon Judge West dismissed the charge of illegal registration against Rev. C. H. M. Sutherland, pastor of the Methodist Church of Anaheim.

This afternoon Judge West set aside the information against John C. Bourne, who was charged with illegal registration, and the case was dismissed. The action followed the ruling of the judge that a person may register even though he has not been in the state a year, the county three months and the precinct thirty days, provided he will be in those places those lengths of time before "the next succeeding election," and under the law the judge found that to mean the next general election.

Bourne came here last March and registered in September. Since the same facts hold regarding W. W. Walker, the case against him will be dismissed also.

This afternoon Judge West will decide whether or not the case against Rev. C. H. M. Sutherland of Anaheim shall be dismissed.

Ask Dismissals

If Attorneys H. C. Read and Roger Dutton are successful in a motion to be heard in the superior court on Jan. 16 at 2 o'clock, the Anaheim registration civil cases will be off the court calendar. There were three actions brought during the wet and dry campaign at Anaheim in which the registrations of about 150 persons were attacked as illegal. It was found impossible to get the cases heard before the election. The plaintiffs, representing the anti-saloon faction, concluded to try the cases in order to test the right of some of the defendants to vote at the city election this spring. The cases were set for trial some weeks hence.

Now comes the attorneys for the defendants and ask that the three cases be dismissed on the ground that there is no longer anything at

My Home Place For Sale

2220 North Main St. 80 ft. front, 280 ft. deep. Nine room house, good garage, good assortment of fruits and nuts. I am anxious to sell it and will make price concession. Might take in cottage or some vacant lots as first payment.

Santa Ana Hardware Co.

C. S. KENDALL, Prop.

Both Phones. Auto Delivery.

issue. The complaints ask that the registration of all of the defendants be cancelled. The notices of motions just filed assert that the registrations have been automatically cancelled, since all registrations were cancelled by law the first of this year. No one on the old register and not on the new can vote at the April city election, though the old Great Register must be used in a forthcoming bond election at Anaheim.

It Was Judge Sloan

By mistake it was published in the Register yesterday that Judge West had instructed the jury in the action of Clayton vs. Werdin to bring in a verdict for the defendant. The instruction was given just as reported, but the judge who gave it was not Judge West. It was Judge Sloan of San Diego, who was sitting in Judge Thomas' place in Department 2. While Judge Sloan was here trying the case, Judge Thomas was sitting on the bench in San Diego county.

Water Company

Articles of incorporation were filed today by the Valencia Water Co., organized to develop and supply at cost water to the stockholders, who are M. O. Ainsworth, W. D. Grafton and O. K. Putnam of Orange, and W. D. Baker and G. L. Bates of Santa Ana. The capital stock is \$15,000.

Registration Figures

Registration totals for the three leading parties made at the county clerk's office today are: Republicans, 1737; Democrats, 973; Progressives, 678.

Quiet Title

Judgment quieting title to twenty acres of land has been given by Judge Thomas for the plaintiff in the case of F. P. Bowland against William Deviney as administrator of the estate of Milton McDonald.

SOUTH AFRICANS FAVOR U. S. AUTOS

The Astonishing Popularity of American Goods Alarm British Merchants

WASHINGTON, Jan. 15.—South Africa is not all a jungle, swamp, and wilderness, and the natives and Europeans there seem to have a strong liking for American-made motor cars. The casual tourist to that part of the globe might expect to see baboons swinging by their tails from branches overhanging the narrow trails, but he'd be disappointed. Instead he would probably see a dozen wealthy farmers or miners speeding along a well kept road to every stray monkey he chanced to spy.

Figures just made public by the Department of Commerce show that the medium priced automobile made in America has sprung into the most astonishing popularity in the past three years in South Africa. During the year ending June 30, 1910, American automobiles valued at \$61,185 were purchased by South Africans. Three years later the value was \$1,167,371. Experts in commerce declare that the success in this market is a refutation of the oft-repeated assertion that German competition is driving American manufacturers from the foreign trade field.

Prisons engaged in the export trade to South Africa and British East Africa are showing alarm over the enormous gains made by the American merchants in this end and the cotton field, and the English trade publications are repeatedly warning the merchants of England that the aggressive policy of their American competitors is making huge inroads into the market of South Africa, where until recently England and Germany had monopolized the field.

GLENN MARTIN COMPANY IS ONE OF THEM

Aeroplane Patent Suit Decided in Favor of Wright Brothers

NEW YORK, Jan. 15.—Six aeroplane manufacturing companies are directly affected by the decision handed down in the Federal Circuit Court Monday, and it is learned that it is the intention of the Wright company to institute damage suits against them immediately. The original case can, however, be taken up to the United States Supreme Court on a further appeal by the Herring-Curtiss Company and Glenn H. Curtiss.

The companies affected are the Benoist Aircraft Company of St. Louis, the Slosser Aeroplane Company of this city, the Thomas Brothers Aeroplane Company of Bath, N. Y., the Curtiss Aeroplane Company of Hammondsport, N. Y., the Moisant International Aviators and the Glenn H. Martin Company of Los Angeles.

Two other companies, the Boland Aeroplane Company and the C. and A. Wittman Company of this city manufacture aeroplanes under patents which are alleged not to infringe those of the Wright brothers. During the period the action was pending in the federal courts, the Curtiss Company continued operations under a bond of \$10,000.

Up to the present time the Wright Company of Germany has not proceeded against any of the companies in that country despite the fact that the German courts decided the action in their favor.

If the present decision is not appealed the Wrights will have a monopoly in the United States, Germany and France. No suits are pending in England, where rights have been sold.

LAXATIVE FOR OLD PEOPLE—"CASCARETS"

Salts, Calomel, Pills, Act on Bowels Like Pepper Acts in Nostrils

Get a 10-cent box now.

Most old people must give to the bowels some regular help, else they suffer from constipation. The condition is perfectly natural. It is just as natural as it is for old people to walk slowly. For age is never so active as youth. The muscles are less elastic. And the bowels are muscles. So all old people need Cascarets. One might as well refuse to aid weak eyes with glasses as to neglect this gentle aid to weak bowels. The bowels must be kept active. This is important at all ages, but never so much as at fifty.

Age is not a time for harsh physics. Youth may occasionally whip the bowels into activity. But a lash can't be used every day. What the bowels of the old need is a gentle and natural tonic. One that can be constantly used without harm. The only such tonic is Cascarets, and they cost only 10 cents per box at any drug store. They work while you sleep.—Advertisement.

Wonderful Cough Remedy

Dr. King's New Discovery, known everywhere as the remedy which will surely stop a cough or cold. D. P. Lawson of Edison, Tenn., writes: "Dr. King's New Discovery is the most wonderful cough, cold and throat and lung medicine I ever sold in my store. It can't be beat. It sells without any trouble at all. It needs no guarantee." This is true, because Dr. King's New Discovery will relieve the most obstinate of coughs and colds. Lung troubles quickly helped by its use. You should keep a bottle in the house at all times for all the members of the family. 50c and \$1.00. All druggists or by mail, H. E. Bucklen & Co., Philadelphia or St. Louis.—Advertisement.

PRICE OF ICE IS GOING UP CONSIDERABLY

Wholesalers Raise from \$5 a Ton to \$6, and Retailers Also Raise

This is not the time of year when the housewife's thoughts are centered upon the refrigerator. Ice and the cost of ice are hardly thought of. But ice dealers have been thinking about ice and the price of ice, and a twenty to twenty-five per cent raise in the price will be noticed right soon.

The wholesalers find that they have to get more for their product in order to make money. Last year ice was sold by the wholesalers for \$5 a ton. Notice has been given that hereafter it will cost \$6 a ton.

Retailers will pass the cost on to the consumers. Last summer stores that took a goodly chunk of ice quite often got it for forty cents a hundred pounds. Next summer they will pay fifty. Books for 500 pounds of ice have been sold to residences for \$2.50. Next summer those same books will cost \$3.

VANDERLIP IS AN INSPECTOR

Edgar Vanderlip of Santa Ana has been appointed as a county horticultural commissioner. R. K. Bishop, Vanderlip is a graduate of the Santa Ana High School, and during the last tax collection rush was a deputy under County Tax Collector Lamb. He is well informed on horticultural matters. He will be in the office practically all of the time. The county commissioner will turn over to him the inspection of shipments of nursery stock.

WATERWAYS CONGRESS OPENS IN 'FRISCO TODAY

SAN FRANCISCO, Jan. 15.—The California International Waterways Congress was opened today with delegates present from all sections of the state. They were welcomed by President Beverly Hodhead of Berkeley. Governor Johnson was the principal speaker of today's session.

VANDERBILT SCION NAMED N. Y. CENTRAL DIRECTOR

NEW YORK, Jan. 15.—Harold S. Vanderbilt, the youngest scion of the family to enter railroad work, was elected yesterday a director of the New York Central. He is 30 years old and a graduate of Harvard. His election fills the vacancy on the board created by the resignation of J. P. Morgan.

PARALYSIS, A WORLD PERIL, YIELDS TO NEW TREATMENT

NEW YORK, Jan. 15.—Paralysis or softening of the brain, which has helped to fill the world's lunatic asylums, yields to a newly-discovered treatment announced by Dr. Hanson S. Ogilvie, a member of the staff of the New York Neurological Institute, and Dr. George Draper. Both physicians are connected with the Rockefeller Institute.

After six months of careful experiment and observation, it is also said that locomotor ataxia can be arrested, if not cured, by the new treatment.

So impressive are the effects of the new treatment that it is being given to fifty paralytics in Bloomingdale Asylum. Already it has accomplished remarkable results.

The new treatment is based on the use of Ehrlich's salvarsan, which has been employed successfully in treating the greatest scourge on earth; that which may be called the parent disease of paralysis and locomotor ataxia. But in treating paresis the salvarsan is modified by combination with the serum of human blood and is by a delicate operation injected into the veins and spinal cord of the paralytic.

U. S. HAS \$400,000,000 IN ITS ISLAND POSSESSIONS

WASHINGTON, Jan. 15.—Four hundred million dollars of American capital are invested in our island possessions, according to a report just issued by the National Geographic Society. These islands have a total population of 10,000,000 persons, and their commerce exceeds \$300,000,000 more than that of the United States in any year preceding 1850.

DR. KELLY TO GIVE \$100,000 RADIUM IF U.S. OWNS MINE

WASHINGTON, Jan. 15.—Howard A. Kelly, the famous Baltimore surgeon and radium expert, has told Secretary of the Interior Lane he would add his collection of radium to the government store should congress authorize government ownership and development of radium ore mines on public lands.

Radium experts estimate the value of the radium owned by Dr. Kelly at \$100,000. The surgeon purchased the mineral abroad during the past three years and has been using from his supply in experimentation work for the cure of cancer.

Dr. Kelly approved Secretary Lane's suggestion for withdrawal by congress from entry of all radium-bearing lands and the extraction of the radium by the government, the mineral to be given free or for a reasonable charge to hospitals for the treatment of cancerous cases.

Dr. J. A. Holmes, chief of the Bureau of Mines, reported to Secretary Lane that about 700 radium bearing mines, 300 of them proven of commercial value, has been located in Colorado and Utah.

Worms the Cause of Your Child's Pains

A foul, disagreeable breath, dark circles around the eyes, at times feverish, with great thirst; cheeks flushed and then pale, abdomen swollen with sharp cramping pains are all indications of worms. Don't let your child suffer—Kickapoo Worm Killer will give sure relief—it kills the worms—while its laxative effect adds greatly to the health of your child by removing the dangerous and disagreeable effects of worms and parasites from the system. Kickapoo Worm Killer as a health producer should be in every household. Perfectly safe. Buy a box today. Price 25c. All druggists or by mail Kickapoo Indian Med. Co., Philadelphia or St. Louis.—Advertisement.
